

1 Flinklink

Here we explain how

1.1 Input/output

```
package eu.amidst.flinklink.examples.doc;

/**
 * Created by rcabanas on 09/06/16.
 */
public class io {
    public static void main(String[] args) {

    }
}
```

1.2 Parametric learning

1.3 Inference

1.4 Extensions and applications

1.4.1 Latent variable models

1.4.2 Concept drift detection

some code
